## RESEARCH EXPERIENCE

**Research Assistant (Indian Institute of Technology Bombay)**

Jan 2023 – Present

Supervisor: [Prof. Varun Bhalerao](#)

**“Thermonuclear bursts in Neutron Star Low Mass X-ray Binaries”**

- Studying a sample of 15 thermonuclear X-ray Bursts from two transient Low Mass X-ray Binary sources 4U 1728–34 & 4U 1735–44 using *AstroSat* data.
- Developed pipelines for basic data reduction, time-resolved burst spectral analysis, and timing analysis for exploring accretion phenomena and rapid variability in lightcurves.
- Studied millisecond variability (Quasi Periodic Oscillations) in persistent emission from the accretion disk, and estimated spin period and magnetospheric radius.
- Performed Measurements for Photospheric radius, distance of the source and the spin frequency of the Neutron Star in the system, through thermonuclear bursts.

### ***“Fast Transients with GROWTH-India Telescope”***

- Led the Discovery of optical counterpart of GRB230812B using Zwicky Transient Facility.
- Led observations with GROWTH-India Telescope for the orphan afterglow candidate AT2023sva.
- Part of the Discovery team for “ZTF23aaoohpy/AT2023lcr”, fast fading transient.
- Part of the GROWTH-India Telescope team in searching Electromagnetic Counterparts to Gravitational Wave Events, in collaboration with the Zwicky Transient Facility team led by Caltech.
- Following up transient X-ray binaries undergoing outbursts.
- Daily scanning for fast transients in ZTF data through ZTFRest.

## **2. Visiting Student Researcher (Indian Institute of Astrophysics)**

Nov 2022 – Dec 2022

Supervisor: **Dr. Santanu Mondal**

- Conducted energy-dependent time-averaged temporal analysis of a transient black hole X-ray binary GX 339–4 by utilising archival data from *NICER* and *AstroSat* missions
- Studied energy dependence and time evolution of Quasi Periodic Oscillations (QPOs) and their harmonic components in the power density spectrum.
- Developed pipelines energy dependent and time resolved temporal studies of persistent sources.
- Co-authored a Publication.
